Jay Jamison opens with a prayer.

Chuck Tull says there is no additional new information other than what was told from the pulpit earlier. Also states that the elders have been having discussions about updating the facility. These will be long range plans with input from the members of the congregation. \

Neal Travis says VBS will be June 21 from 9:00 until 2:00. There will be projects for the kids and there will be an adult class this year. The auditorium may be decorated so the adult class may need to be moved to another room. He also said there will be many roles for the men to fill and encouraged all men to step up and participate.

Don Tremmeling praised the campout as a success.

Chuck Tull thanks Ron Nations for providing the fish for the campout.

Robin Ragsdale encourages anyone leading a prayer to do so from the microphone at front so all members can hear.

Luis Risner suggests more fellowship events. He also asks for updates to the membership information lists, particularly the new members and those who have moved or changed their contact information. He also suggested to get more of the brochures that were located near Larry's office. Robin said he thought we had some more in Alice's office and that we had recently reordered the handouts.

Chuck Tull said we will try to have the updated lists ready to hand out in the foyer by next Sunday.

Keith Allen said the Men's Breakfast was a success and asked how often the men wanted to hold one. Larry Holly suggested quarterly. This time frame was confirmed by the men in attendance.

He also suggested that the minutes of this meeting be posted on the website for all members to see.

Keith Allen motioned that we forego reading and approval of the previous minutes, seconded by Jerry Travis. Vote passed.

Robin Ragsdale closes with a prayer at 7:28.
